### **Princess of Pussy** Mounds

Dear Virgin Territory,

I just picked up the Holiday '15 issue, and I like every one of these naked, smooth 18-year-old teenagers you have in the issue. They all have beautiful bald pussies that help their nude bodies look even more naked.

Alina caught my attention when I saw her on page 36 with her cameltoe pushing through her tight white yoga pants. On page 41 she shows off her full frontal naked body with her hands on her hips, exposing her bald camel toe going up the front side to her beautiful bald pussy mound. Both connect in naked harmony that is very visually pleasing to the eye. I really like the way Alina's cameltoe and pussy mound look together shaved bald. She is very attractive looking.

I would like more 18-year-old teenagers from around the world as well as North America to take Alina's example and look at themselves in the mirror and see if they have that nice, long puffy cameltoe with a

bulging

dome-

shaped

mound

protrud-

ing way

pussy

out like a big sore thumb. They should show their cameltoes off in 18eighteen magazine.

You have shown a lot of nice-looking pussy mounds and cameltoes in the past years. Maybe have a cameltoe contest in your magazine? Have five girls in a 10-page layout showing off their best

> don't think any other teen model has a mound that's as puffy as Danielle's (left). Alina's cameltoe is long, but not as puffy.

cameltoe. We the readers would vote on it. The would winner get a 10page centerfold layout to show off her best-looking pussy ever. She can be the Princess of the Pussy Mounds, the

Queen of the Cameltoes, the High Priestess of Pussy!

I would go on horseback and travel the lands in search for the 18-yearold teen who has the most stoutlooking bald pussy in the world. It doesn't matter if is she fat, skinny, short or tall, Hispanic, Asian, black or white. It's all about that magicallooking pussy that sticks out like a sore thumb. Will you please help me find that wonderful feature in an 18vear-old teenager? I'm looking for the Holy Grail of cameltoes and pussy mounds. They deserve to be noticed!-B.L., Tacoma, Washington

Dear B.L.,

Based off of what you are describing, we think Danielle has the most domeshaped pussy. You actually sent us a letter about her that we printed in the June '16 issue. Really, no one has a pussy like Danielle's. Here's a shot of her from a different set for you to enjoy.

### Tits & Vibrators

Dear Virgin Territory,

I've recently taken out a subscription to the brilliant 18eighteen magazine, and the first mag to drop through my letter box certainly has not failed to impress. Braceface Liza

(Feb. '16 p.12) is my idea of an angela little glimpse of heaven. Her sweet smile and cute whities got my heart racing, and she's loving every moment of attention the stud gives her, including her mouth and pussy getting filled up and her braces getting frosted with cum.

Next is little flattie Lily who shows us right inside her tight pussy-pink and tasty-and her tight asshole is a real peach. Nerdy-looking Aeris, with her pointy-topped nipples and neatly-trimmed bush, is definitely a distraction for her co-workers at the arcade. I love it when she pinches her little nipples. Such a sweet and genuine smile too!

Little, limber Lucy (p. 44) with her luscious, lickable labia is a sweetie pie. I love the gymnastics poses. You can really see her pussy lips open up like petals of a sexy flower! Her tight asshole is tempting me to bend over and stick my tongue right in. That'd give her a nice surprise!

Smokin' hot Naomi has given me some sleepless nights, I can tell you! Her lithe, athletic body, perky boobs

and tan lines are giving me a giant boner. Rolling down her pantyhose over that tight ass is giving me all sorts of ideas, and her amazing clitty is one of a kind! More of her please!

With Alice, though, you saved the best for last! She has a super model's face and a body that just won't quit. This threesome with the MILF is one of the best you've done. Wow! Taking that big, pulsing

dick in her tight asshole must have taken some stretching out, but you can see she's loving every inch of his tool.

So, 18eighteen, well done. A couple of things though. I would like to see more girls with slightly bigger boobs—a

few more C- and D-cups, but still nice and legally young, of course! Also, in the solo photo sets I'd like to see more dildos and vibrators. They get the girls hot so you can see their juices start to flow! Lastly, I'd just like to say that I think it's sad that you're only doing magazines once every two months. I love the photo sets and collecting the mags over the years. And it's more fun looking at them on a good quality paper in full size rather than on a tablet or even smartphone. I really hope you keep the magazine going, as well as the videos, of course. Here's to many more years of fantastic tight teens!-N.S.A., England, United Kingdom

Dear N.S.A,

Glad you're happy with your subscription. As for busty teens, we've got nothing but flatties this issue. However in the upcoming Oct. '16 issue we have an adorable teen titter lined up for you. For more big-titted girls, check out Cece from the April '16 issue, Stella from the March '15 issue and Alli from the March '15 and July '15 issues. You can also view their sets online at 18eighteen.com.

spice of life and must stay in the mag. I know some readers will not be keen on the D- and C-cup girls as they just want A-cuppers and bald pussies, but that would be boring. So here are some of the girls I like.

- 1. Girls with big tits and bush: Skye 32C from Oct. '15, Naidyne 34C from April '13, Dakota 36B from Dec. '13 and Aimee 36D from Feb. '08
- 2. Girls with big tits and no bush: Courtney 34C from Jan. '14, Kennedy 34C from March '13, Alli 36D from March '15 and Ashlynn Brooke 34D from May '07.
- 3. Girls with small tits and bush: Emma Redd 34A from Sept. '06, Gale 32A from May '07 and Bonnie 34A from Feb. '12.
- 4. Girls with small tits and no bush: Sasha 32A from Holiday '10, Alyssa 32A from May '06 and Kelsey 32AA from Sept. '06.

So many girls I have to leave out like Alice puffy nips from Holiday '13 and Mercedes from May '13. I really do love them all and did not want the older girls to be forgotten. Thank you for a top class mag.-J.M., Falkirk, Scotland

Dear J.M.,

We try to include all kinds of girls in the issue, including flatties, titters, baldies and bushy babes. Thanks for your list; you sent us down memory lane with some of your favorites from older issues!

### Cadey's Got A Full Bladder

Dear Virgin Territory,

I received the April issue yesterday. Thanks for printing my letter. Glad to know the peeing DVD will be ready soon. Hope Cadey is included (if not, you will have to start working on another one; maybe have a girl standing with her legs spread while she pees)! Better be peeing only and no fucking!

Speaking of Cadey, I would be happy to watch her pee! Can she come to my house? She's cute! Too bad she doesn't live near me though. The photos of her on the bottom lefthand corner of page 58 and all of them on page 59 are nice. They would be even better if she was peeing! Maybe you can use these poses

for future peeing girls on another DVD. Too bad you didn't get a close-up shot of her pussy (page 59 would have made a good one).

Has Alex Mae (*Flat & Fucked 9*) been in the magazine? I

would like to watch her pee. Maybe she can be the next one? She can come visit me anytime!

Kharlie is cute. Not too thrilled about all the tattoos though. Wish I could meet a young nympho and a girl who would let me watch her pee!-J.H., Aberdeen, South Dakota

Dear J.H.,

As you'll probably find out by the time this is printed, Cadey is in L'il Pissers.

Sorry to say there is fucking in the movie, but only two scenes. Alex Mae was in the Oct. '15 issue. Hope you like L'il Pissers!

### Shootin' Up Pussy

Dear Virgin Territory,

Please include more photos like the one of Melissa on page 42. I love it when the camera is pointed up at a pussy. It's like I'm down on my knees staring up at that magnificent teen pussy, getting ready to eat it. Melissa's pussy and butthole are

perfection. You picked the right girl to do this kind of shot with.

The rest of the girls in the issue were great, but that shot of Melissa really had me drooling. I love me some teen pussy!-H., via email

Dear H.,

Being down on your knees before a teen pussy is exactly what we are going for with those kinds of shots. We'll keep your request in mind!

"That I better drink a lot of water! I kind of wished there was a guy there watching me during my scene. That's what I was thinking of as I fingered my pussy, some pervy guy jacking his cock to my hot piss stream dripping out of me!"

As Dolly measured every part of her body with measuring tape, we came to a discovery. The only things that aren't small about her are her meaty pussy lips. They stick out and hang down–perfect for easy rubbing and sucking access.

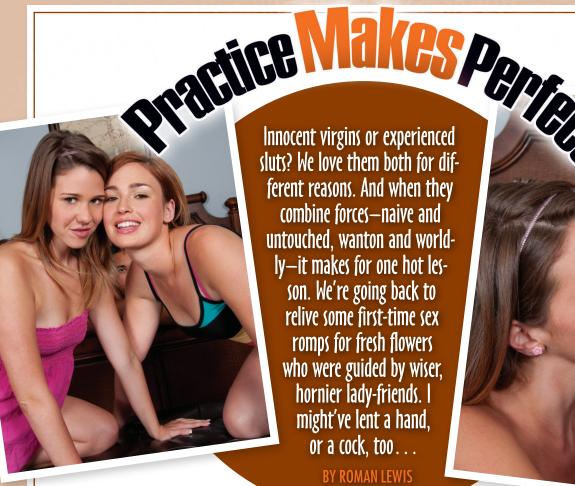

### Just 'cause she's tiny doesn't mean she can't take a serious pounding!

Dolly's lips may be big, but once she spreads them you see that her pussyhole is as small and vice-tight as they come, just like the rest of her! "Being so small has its advantages. Everyone thinks I'm cute, and guys can have a lot of fun with me in the bedroom. They like to pick me up and fuck me while holding me in the air or pressing me against a wall. Even though I'm tiny, there's nothing I love more than a big, strong guy with a big cock. Just 'cause I'm small doesn't mean I can't handle it!"

Innocent virgins or experienced sluts? We love them both for different reasons. And when they combine forces—naive and untouched, wanton and worldly—it makes for one hot lesson. We're going back to relive some first-time sex romps for fresh flowers who were guided by wiser, hornier lady-friends. I might've lent a hand, or a cock, too...

BY ROMAN LEWIS

Remember in the days before you'd ever laid a hand on a girl? Or maybe you hada little kiss here, a pet there-but never all the way. You'd yet to experience the sensation of your cock wearing a chick like the tightest, wettest, hottest sombrero at the Cinco de Mayo party.

I'm well into my fourth decade (i.e., old as fuck) so I don't really remember either, so I fill in the blanks when I feel like passing down memory lane, but we men don't wear innocence as well as the ladies do. Generally speaking, inexperience is not a desirable trait in men. No one wants a guy who has no idea what he's doing. Innocent women, on the other hand, are considered a commodity, and all these special words are attached: pure, virginal, unblemished, and so forth.

And I get it. I really do. Men fancy themselves explorers. Everyone wishes they could be the first to plant the flag.

Inexperienced girls hold a special place in my heart. But experienced

girls, the ones who really know their way around a cock? They're the gems. It may be exciting to deflower a virgin, but you can only do that once. A woman who knows to use her mouth and her hands when she's sucking your cock is going to get you off every time. And often times, you'll find that these more experienced gals are more than happy to share their knowledge with their sexually greener sisters.

What's my point? Experience is valuable. And herein you'll read a few tales of experience gained with the help of a sexy seasoned teacher. Practice, you see, edges us all a little closer to perfect.

When I was a kid-and by kid I mean 20-I learned that some of the best things in life can be experienced indirectly. In fact, it is the simple principle on which the entire adult entertainment industry is based. Secondhand pleasure.

When you leave high school for college, it's like a quick glimpse of how big the world really is. For years, you've been seeing the same people, all the same kids you grew up with through grade school and such-and then you go somewhere and it's all these new people. New parties. New girls. Exciting.

I didn't have that. I went straight to work after high school, but a friend of mine, Liz, she sort of split the difference, going at first to a community college while working part time at the same place where I was full-time. So we stayed friends.

She was a super fun girl, open and friendly, a bouncy blonde with perky little B-cups and a sunny smile and a banging sex life that she was happy to include me in from time to time, which I very

much appreciated.

"There's this girl in my class," she said. "Roman, she's hot." "Cool," I said. "Hook me up!"

> "No!" she chided. Then her voice got low. Which was totally

unlike Liz. "I think I'm interested in her. She's never had sex before, and I think I'd like to initiate her."

In my mind (and my pants) interest was high. Very high. I was grateful to be sitting at a desk as the blood left my brain and headed due south. Although I had been with a few women at this point, I'd never been with two at the same time or even seen two girls going at it. This seemed like a promising opportunity to change that.

"Can we come over to your place tomorrow night?"

This was where being a "man of the world" with your own apartment really came in handy.

Liz and Joie showed up with a couple of pizzas. They were coming to my house for what amounted to hot sex experimentation and yet had the consideration to bring the host some delicious dinner.

This, gentlemen, is one of the reasons why women are far superior to men. Remember that the next time Valentine's Day rolls around.

Joie was a stunner. To this day, she's one of the prettiest little things I've ever seen: pale olive skin, near-black shiny hair that fell past her shoulders in a Cleopatralike curtain, wide hazel-brown eyes and fringed lashes, a lovely, pearly smile, and her body was tiny, petite, perfect.

We had some dinner. We talked, laughed, watched a couple of bad sci-fi movies and little by little I saw them getting closer. Finally, they kissed.

Two lovely girls making out on my sofa-it was an absolute dream come true. Lips tentative at first, minutes later they were crashing together, pink, wet tongues searching, hands running up and down one another's bodies. And from my comfortable leather recliner I was watching it all, loose jeans popping a tent you could see from space, but the girls weren't paying attention to me at all, so I figured it wasn't precisely rude to sit there and stare with a huge hard-on.

The noises they were making were incredible. Perfect, feminine, juicy little sounds that were making my balls ache.

Minutes passed. The making out got hotter and heavier and before long, the girls were lying on the sofa with their tops rumpled on my floor. Breasts crushed together as they kissed, but then they parted and, with Joie on top, the shy girl became the aggressor.

She went to town on Liz's lovely

they ground themselves together while they kissed, pussies mashing against one another.

I imagined the heat and wet being generated. God, I'd love to get right in the middle of that for a taste, but I wasn't invited. And as they were nice enough to be doing all this in front of me, I wasn't about to press my luck. As unobtrusively as possible, I began to rub my dick through my jeans and hope I didn't blow up in my pants.

When Joie slid down Liz's body though, peeling off the fitted, black leggings to reveal her lovely little coochie (I had had the pleasure of its acquaintance in the past; she was shaved bare and her slit shone in the glow of the muted television), I felt a whole new army of blood cells coursing through the length of my cock.

Liz's legs parted, and I saw her look at me for a second before Joie's head lowered between her thighs.

"Take it out," she whispered. "Roman, take it out. Come closer." She didn't have to tell me a third time. I walked over and let her pull me, hard and throbbing, from the unzipped fly of my jeans. She had just enough time to spit on her hand before grasping me and beginning the slowest, most wonderful hand job. It was

She went to town on Liz's lovely mounds, teasing the pinkishbrown nips to maximum rigidity, biting with her teeth (Liz's reaction was excruciatingly hot; the moaning, the writhing...my cock was a heat-seeking missile) then licking that little bit of pain away with a soft tongue.

mounds, teasing the pinkish-brown nips to maximum rigidity, biting

with her teeth (Liz's reaction was excruciatingly hot; the moaning, the writhing...my cock was a heatseeking missile) then licking that little bit of pain away with a soft tongue. Joie sat on Liz's pelvis and

perfect. At that point not enough to make me cum, but it felt like heaven and I wasn't the lonely jerk off in the corner. Now I was part of the action and had a bird's eye view.

Joie got comfortable down between Liz's legs, and I could hear the faint wet sound as her fingers, in that classic V, parted those bald pussy lips and she bent her head to lick, tongue swirling around Liz's hard-candy clit, then dipping lower to lap at and invade the hole from whence the sugar came. Liz had an endless supply, this I knew; her snatch was delicious. Apparently, Joie thought so, too.

Meanwhile, Liz's wet palm was concentrating on the head of my prick. I generously took up the job of jerking it. She was standing in for a tongue at the top of my pole. Between that and the show, it was more than enough to have me close and slowing down every couple of seconds to prolong. I wanted to cum when Liz did.

I didn't have to wait long. Joie was in it now, face pressed hard into Liz's tasty cookie, lips sucking on her clit gently, mouth going in for the whole nine, taking Liz's whole pussy into her mouth, fingers fucking her deep. The girl was going pretty damn good for a first-timer. Liz began writhing and pressing her hips into Joie's face, and that was it. She pulled me to her, perfect timing, and I crammed my cock into her face, spraying the back of her throat with my cream, all while she came and came on Joie's face.

They left not long after that and, sad for me, managed to find another place for their Sapphic experimentation moving forward. I never got to see Joie's pussy, let alone taste it. But at least Liz would let me smell her fingers at work....

# **Teaching Moments**

My lady, Jana, is high rent. And by that I mean she comes from a hoity-toity old-money family. I do not benefit from our relationship in any financial capacity (though she does pick up the dinner check from time to time, which is nice). It does, however, afford me the benefit of some fun, sexy stories about the things that happen at a fancy, private, all-girl school.

You see, Jana is the product of this brand of education. While mom was spending dad's money

and dad

Jana had never been with a girl. In fact, she was still a virgin at the time.

was off making it, she was raised largely by nannies and, once old enough, the head masters and mistresses of a very posh school in the Michigan countryside where the winters were long and cold and dreary.

"One year, just before Christmas break, I ended up studying late with this girl, Gitte. She was a foreign exchange student from Denmark. Icy blue eyes and very, very blond. Even down there...." She pauses to giggle. "I had seen her getting out of the shower a few times. She had a platinum pussy. And being Euro, she didn't shave at all. It wasn't a huge bush or anything. Just natural and I have to admit—it totally turned me on."

Jana had never been with a girl. In fact, she was still a virgin at the time. Nice, right?

"My experience was pretty limited because even at 18, my studies took me far from home, it was an all-girl school–mind you, some of them benefitted very much from this arrangement!–But I, mostly anyway, liked boys. And I barely got to see any."

Come Christmastime, the school emptied as all the girls left to be with their respective families. That year Jana's would be spending the holiday in California so she stayed on at school longer. Her dad would be picking her up on the way west.

"Some of the girls used to stay through Christmas every year," Jana tells me. We are doing this interview in bed and a lazy curl of

her reddish brown mop is covering one pretty green eye. I have a beautiful girlfriend. Her perfect

nipples alone could foster
world peace if the leaders of
warring nations would only
stop and have a look, the fools.
"Gitte, like most of the girls
from other countries, was one of
them staying behind. And on
my last night before leaving, she
and I were the only girls left on
our entire floor."

They had a slumber party, but there wasn't any sleeping.

"We put on sweats; there is no such thing as cute, lacy nighties when you're dealing with Michigan winter! Then we microwaved some popcorn and frozen macaroni and cheese for dinner and popped in a few cool retro '80s movies...." She pauses here to laugh; this is her way of making fun of how ancient I am.

Jana is 23. I am 45.

"....And cliché as it is, we found ourselves doing one another's hair. She was doing some Danish thing to mine, braiding it into an updo like something out of Disney's Frozen, and yes I realize that was supposed to be Norway, when all of a sudden I felt her lips on my collarbone, and an electric zing just went right through me.

None of the boys I'd ever been with had the wherewithal to kiss me there, and wow, I was surprised that a girl could turn me on the same as a boy. She lingered there, kissing me, and a heat spread through my body, radiating out from my tummy and making my skin burn, making my cunny get all wet and sticky.

"Moments later, we were in Continued on page 60

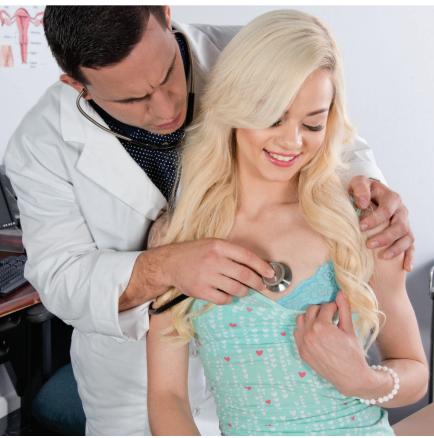

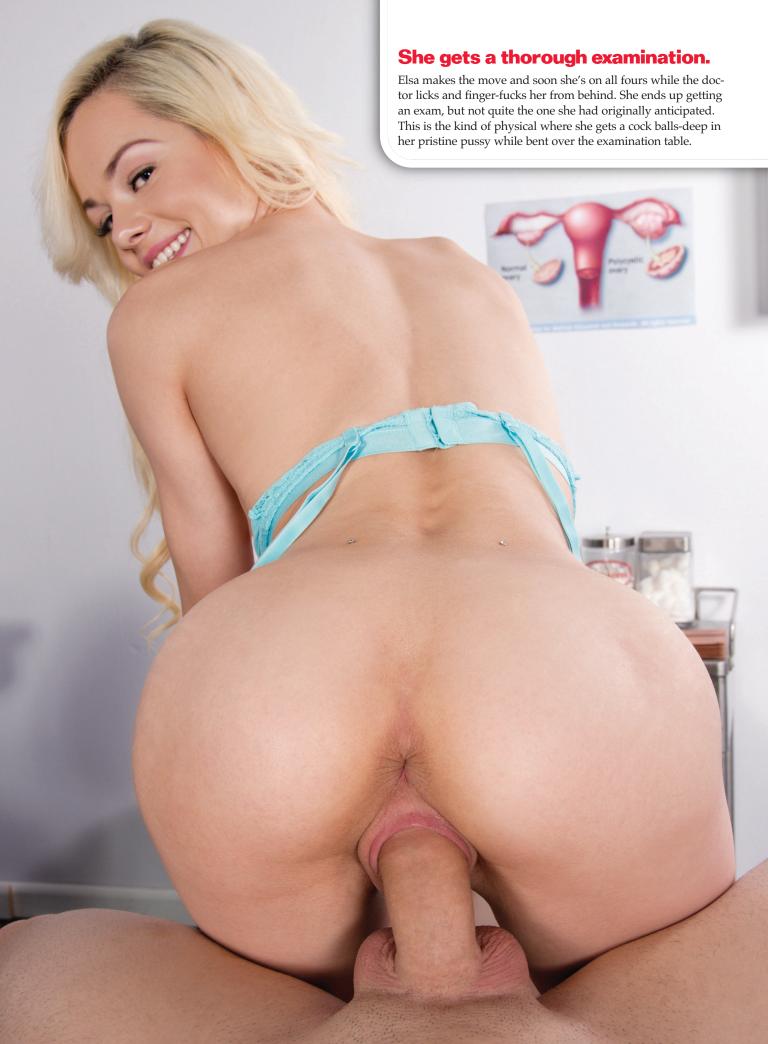

## Spread by a speculum and sprayed!

"I've always had a female gyno, but then my insurance changed and I had to go to a new doctor who was a man. At first I was a little embarrassed, but he was really cute and nice so I was able to relax. When I showed him my pussy I wished so bad that he would lick it. But he was too professional to do that." Good for him, but our quack gladly gave her the licking, dicking and creampie she'd been craving!

## Cadence, do you ever let guys take nude pics of you?

"I have a few times before, but I made sure it was on my camera so the guys wouldn't send them to anyone else. [Laughs] I guess now that doesn't matter so much since I've been naked in a magazine and in videos. I always enjoyed being photographed, and I think guys get a kick out of taking my naked pics, especially if we haven't fucked yet. It's a good ice-breaker and a turn-on for your first fuck."

Gitte's bedroom, peeling one another out of those frumpy Michigan-style PJs and getting naked beneath her cozy quilts, firm yet soft girl skin keeping us warm. Her hands explored my flesh as she kissed me, the right sliding over my breast–pausing to pull a bit on my nipple–then down my flat belly and between my thighs. She spread my lips with her fingers, the longest one dipping down, sliding into my tight hole and maneuvering in and out. I felt my body clenching around it."

This was the first time Jana had been penetrated by anything. It was a divine experience, she says.

"Ohhhhhh, the sensation of having someone inside me? It was heaven. I reached down and felt that soft, springy blonde muff of hers, cupping it, luxuriating in the sensation of hot Danish fur before going lower, spreading her, getting a mirrored sense of her own wetness. Copying what she did to me, loving the way she kissed me harder and deeper when I did something she liked. Our bodies were mirrored. We lay there awhile, finger-fucking and making out until both of us were so wet it couldn't be ignored."

Gitte broke the rhythm first, kissing down Jana's neck, tits, licking and biting her nips, pausing at her jutting hip bones to tease and tongue and tantalize. Jana knew what was coming. She had long fantasized about someone kissing and licking her pussy, but she was nervous.

"'Was I going to be too wet?' I wondered. 'Would I smell okay?' Taste okay?' I was tense, but the moment the full lips on her pretty face touched the ones between my legs, and I heard her desire-laden 'mmmmmmm,' I relaxed. She let me know that I was just what she wanted, and when her tongue slipped between my labia, lapping at my juicy hole as though thirsty for my sugar, I was sure that this was what heaven would be like if it were real...."

Gitte's tongue hadn't been around too many blocks-these girls were only 18 after all-but Jana wasn't her first. Her hungry mouth latched onto Jana's pussy and sucked it, ate it,

tongued it. And each time Jana got close, she'd slow down or stop, kissing her thighs or gently breathing on her mound and slit.

"The mirror thing had turned me on," Jana says. "I wanted more of that, so I repositioned into a 69, encouraging Gitte to straddle my face. I wanted the full experience. I was hot now, curious, and seeing her lovely ass over my head, that beautiful blonde bush-its pink-purple inner lips peeking out from within-only heightened my excitement. I even waited awhile when she began eating me again, just enjoying the view, spreading open her pussy so I could inspect all its gorgeous folds, taking in her sweet, sexy smell before pressing my lips against her big, fat clit and kissing, wetly and softly. I knew she loved it, because just how I was pressing my cunny up into her mouth, she was grinding hers down on mine. So from this point on, I kind of always understood why so many guys dig the 69, with the girls right on their faces!"

Word to that, I am thinking as she tells me.

"I've had friends say to me, 'It's embarrassing; it's too much of my ass in his face!' and I always tell them—that's why it's awesome!"

Have I mentioned that Jana is the best girlfriend ever?

"Anyway, it was an all-out cooze festival. I was drinking from her sugar fountain and she mine. The taste was unbelievable. She began finger fucking me, sucking my clit. I did the same, mimicking everything she did that felt so amazing, learning her body and mine at the same time. And I loved the way the soft wet hair of her pussy was cradling my face. To this day, I don't much care for a shaved pussy. I love a little hair. So womanly and feminine and soft, not scratchy like a man's five o'clock shadow...."

And then it happened.

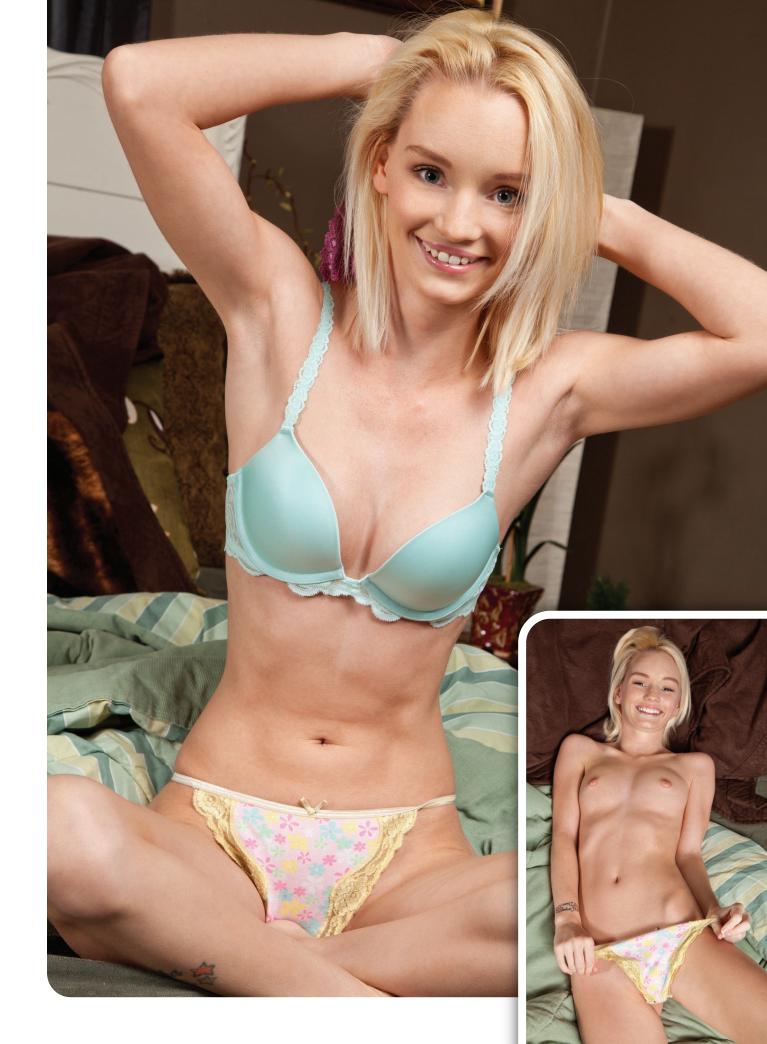

"She began to shake, and although I'd never been with anyone in this way, I'd certainly given myself orgasms before. Her moaning and shaking absolutely sent me over the edge, and there we were, cumming and shaking on one another's faces and sucking each other at the same time. It was the hottest thing ever. And as for guys who don't go downtown? That night sealed the deal that anyone who doesn't eat pussy can

keep walking...."

Downtown, conveniently, is my favorite place to be. It's where all the best stuff happens.

Downtown is fun. For sure. And sometimes it's the alleyways, the darker recesses, wherein we find our most-pleasurable moments. The back doors, if you catch my drift. These are the speakeasies, the places where if you utter the right word, make the right move at the right time, you're granted access to exclusive, incredible places you never dreamed you could go. Bawdy boîtes. Absinthe lounges. Opium dens. Figuratively speaking, of course.

Dreamy-poetic words to describe ass-fucking, I realize, but I try to make these little jaunts down memory lane as pleasing as possible for the handful of literate souls amid the freak show that makes up my readership. I know the rest of you just want to get to the action, so I'll relent....

Years ago, I had a neighbor, Joan. I was about 30 at the time. She was at least 10 years older, possibly more, but her body? Tight as a drum. She was a private yoga and Pilate's instructor and it showed. When we first met I thought she was my age. Hot lady-a feisty Irish redhead with porcelain skin, ruby lips and the high, firm ass she'd been driving men crazy with since her cheerleading days.

She and I got on like a house on fire and fast became friends with benefits. Nothing serious. She had zero interest in anything more than friendship and casual sex with a young buck (read: loser) like me, but she was a good neighbor. The best, actually. God, I miss Joan. But I digress....

Joan was also a yoga teacher of teachers. She was just that good. And so quite often I'd see her in her garden-all flowers and trickling fountains and statues of Ganesh and suchtutoring young students, all talented, in raising their game and going pro.

NOW

One such day, I came out to do a bit of yard work and noticed a young student in a headstand, Joan steadying her. Not out of sorts until I realized that Joan was holding her up, quite literally, by the pussy.

Joan's expert hand, my god, massaging this girl through the loose purple yoga pants, and the girl's face a mask of concentration and pleasure. Jesus Christ....

Joan caught my eye and I froze. She winked. I gaped. She tossed her head at me. The universal sign for "get your fine ass over here." I respect women, as I've said. I wasn't about to not listen to her.

When I got there, the girl, dark and dusky and beautiful and not likely a day past 21 if that even, didn't seem fazed at all. We were introduced. Her name was Inez. Inez was almost a full-fledged instructor, it seemed. And also a close friend of Joan's apparently, what with the whole vagina headstand thing.

She flipped down onto her lovely brownish feet and we all retired to Joan's outdoor studio, which at one time had been her bungalow's detached garage. Inside we crossed planes. No longer in a New England suburb, we were in Mumbai–colorful sari-silk cushions, lush plants, comfortable mats, incense—the setting for the Kama Sutra.

Wordlessly, Joan began to kiss and undress Inez. They Frenched. They canoodled. It was lovely. And before long they were naked. Two yoginis. Inez was a youngin' comparatively but it only served to show how impressive Joan's physique was. They were equally fit, equally gorgeous. One bush red, the other black.

Joan led Inez to me and she began to kiss me, to undo my pants, to cradle my balls and pull out my cock, stiff and ready, and then Joan eased her to her knees and she began to suck me. I was dizzy. This was insane. It could have been a coma dream. I hoped they never unplugged my breathing machines.

Joan knelt and again, began touching Inez's pussy, getting her hot, ready and then–just like that–Inez was on her back, legs in the air. Joan was putting a beautiful green cushion beneath her bottom and urging me down to the Promised Land.

With one hand on my ass, she guided me down, and lo and behold,

the head of my cock directly on the girl's chocolate starfish. I was unsure. I looked at Joan for guidance. I looked at Inez for permission. Both gave me the figurative thumbs-up and, with her shapely calves on my shoulders, Inez braced, relaxed and in a moment, my cock was sliding through the tight rim of her back door.

She moaned and gently, slowly, I began moving in and out as Joan's fingers teased and titillated her hard, stiff cunny button. Circles, wet circles, gentle pulls, Inez's face a twisted

> mask of quiet pleasure marked only by sexy inhales and exhales the occasional and grunt. Her ass was squeezing me tight as the clit massage took her over the edge and then were cummingtogether. My heavy balls emptying spurt after spurt into her as she milked it with convulsive pleasure. We lay there awhile, grooving on afterglow and sitar music.

It was a lesson of sorts, Joan explained later in her hippie-trippy way. It was Inez's first anal experiece, and I wasn't exactly super experienced in that arena either. I was happy to oblige, of course. I am all about education, you see.
